

Down with the Shine

The Avett Brothers

Chorus

G **Am**
Down with the shine the perfect shine
C **D**
that poisons the well and ruins my mind
G **Am**
I get took for a ride -- every time
C **D** **G**
Down with the glistening shine

Verse 1

G **Am**
It's in with the new, out with the old
C **D**
out with the warm and in comes the cold
G **Am**
It's the most predictable story told
C **D** **G**
in with the young, out with the old

Chorus

G **Am**
Down with the shine the perfect shine
C **D**
that poisons the well and ruins my mind
G **Am**
I get took for a ride -- every time
C **D** **G**
Down with the glistening shine

Verse 2

G **Am**
A belly full of high dollar wine
C **D** **G**
a fat hand a fat wallet too
(G) **Am**
Things change and get strange with the movement of time
C **D** **G**
It's happening right now to you

Chorus

G **Am**
Down with the shine the perfect shine
C **D**
that poisons the well and ruins my mind
G **Am**
I get took for a ride -- every time
C **D** **G**
Down with the glistening shine

Bridge

It's a real bad time to bring up the truth
Tough we searched we found no fountain of youth
Not in Spain, nowhere near
anywhere close to here

Chorus

Down with the shine the perfect shine
that poisons the well and ruins my mind
I get took for a ride -- every time
Down with the glistening shine

Verse 3

Nothing's good because nothing lasts
and all that comes, it comes here to pass
I would voice my pain but the change wouldn't last
All that comes, it comes here to pass

Chorus

Down with the shine the perfect shine
that poisons the well and ruins my mind
I get took for a ride -- every time
Down with the glistening shine
(G) I get took for a ride -- every time
Down with the glistening shine
Down with the glistening shine
I said, down with the glistening shine
