

Smoke in Our Lights

The Avett Brothers

Harmony. **G/B** = x2003x

Verse 1 (SCOTT)

You're not a **G** girl, you're a **D** town, you're **C** snow on the **G** ground
You're **(G)** my first year in **D** school, and **C** ooh
You're the **G** words in a **D** song that Shannon **Am** Hoon sang to **C** me
And all around my **G** memory, **D** you **C** dance

Verse 2 (SETH)

You're not a **G** girl, you're a **D** car, you're a **C** red Trans **G** Am
You're **(G)** ninety miles an **D** hour, and **C** ooh
We never get **G** caught, cause there's **D** no cops **Am** around **C**
and no roads **G** like **D** this, **C** downtown

Chorus

SCOTT **D** **C** **Bm**
Why'd we have to change?
Am **D** **C** **Bm**
It all seemed so fine-----
SETH Fine, we'll go our own ways
Am **D** **C** **Bm**
We're both asking why-----
SCOTT Why'd we have to change?
Am **D** **C** **Bm**
It all seemed so fine-----
SETH Fine, we'll go our own ways
Am **F** **Fm** **C** **G/B** **F** **Fm** **Am** **D**
We're both asking why-----?

Verse 3 (SCOTT)

You're not a **G** girl, you're the **D** night of the **C** homecoming **G** game
You're **(G)** the voice in my **D** head just **C** begging me to stay
You're the **G** smoke in our **D** lights as we **Am** sped **C** away
to catch the **G** moonlight on the **D** graves **C**
